

Md Himel Ahamed

Video Editor

hello,

I am Md Himel Ahamed, a Bachelor of Computer Science and Engineering student with skills in HTML, CSS, Java, JavaScript, and C++. Alongside my studies, I run a YouTube channel and lead HM Production, where I create short films and various video content. I have strong experience in video editing, graphics design, content writing, and cinematography. As a passionate filmmaker, gamer, and movie enthusiast, I enjoy combining creativity with technical skills to produce impactful and engaging work.

EDUCATION

Bachelor of Computer Science & Engineering
Daffodil international University
2022-Ongoing
GPA: 2.89

EXPERIENCE

YouTube Content Creator
2020 – 2023

- Started and developed a personal YouTube channel with consistent uploads
- Created diverse content including vlogs, cinematic videos, tech-related content, and creative short pieces
- Gained strong skills in scriptwriting, filming, editing, graphics design, and thumbnail creation
- Improved audience engagement through experimentation with video formats and storytelling styles

Founder & Director, HM
Production
2025 – Present

- Running an active production team focusing on short films and creative video projects
- Leading direction, cinematography, content writing, and post-production workflow
- Managing full production stages—from concept development to editing and release
